CERTIFICATE OF REGISTRATION

INTERCERT hereby certifies that the Information Security Management Systems of

CLOUDS ANALYTICS INC.

123 Carberry Crescent, Brampton, Ontario, L6V 2G2, Canada (Ontario Corporation No. 1001064080)

Has been successfully assessed as per the requirements of

ISO/IEC 27001:2022

For the scope of

Clouds Analytics Inc. encompasses the development, management, operation, monitoring, and security of cloud-based technology solutions supporting its DevOps and Security, FinOps, and AI Monitoring services. The ISMS covers the organization's information assets, technology infrastructure, software development activities, cloud environments, and supporting business processes used to deliver and operate its products and services, including the use of Amazon Web Services (AWS) for cloud infrastructure and Microsoft Azure for the product environment, along with Google Workspace, HRMS, CRM, Cloudflare, AI models, Slack, and GitHub. The organization performs software development in-house and does not maintain physical servers. The ISMS also covers relevant activities of the IT, HR, Sales & Marketing, and Technology functions, as well as outsourced Accounts activities, where applicable to information security.
